Southeast Asian Film Screening Project

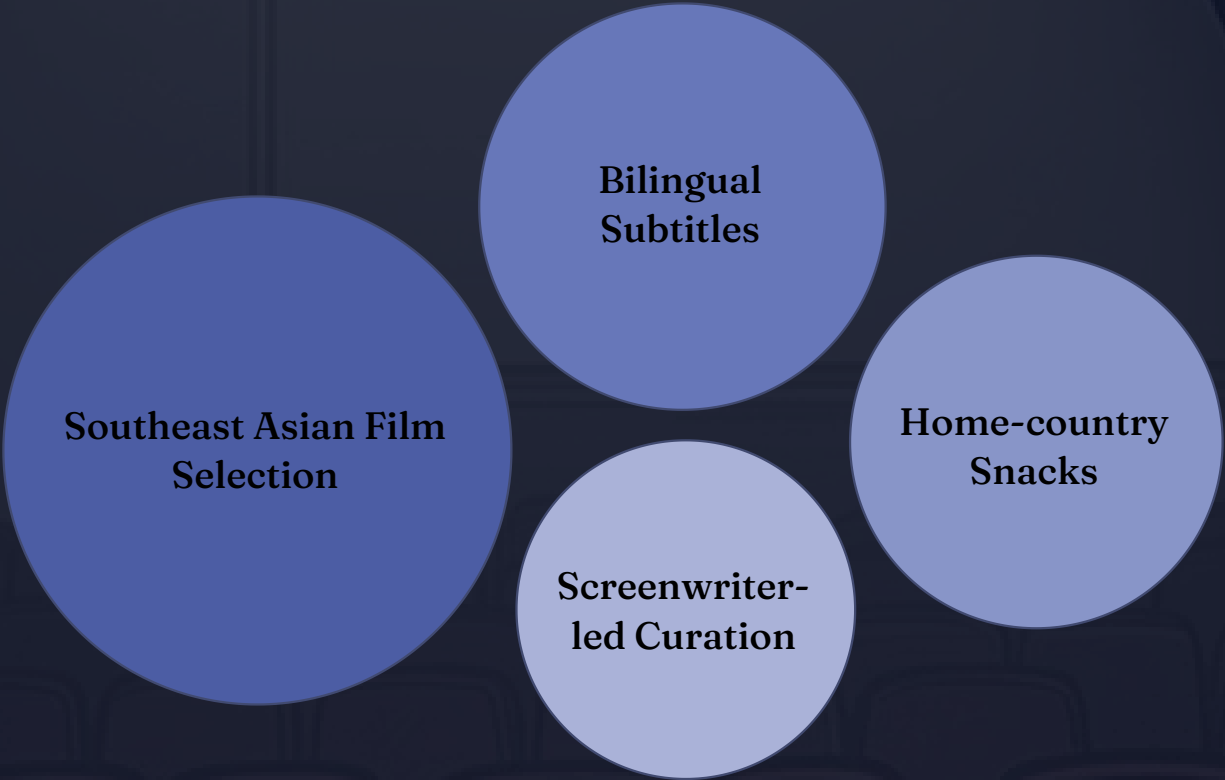

by DLB Entertainment

Bringing Southeast Asian films to Taiwan and creating a space where audiences can reconnect with home through cinema.

About

DLB Entertainment (大懶豹國際娛樂) is a team with backgrounds in screenwriting, filmmaking, and digital content. We curate and exhibit Southeast Asian (SEA) films in Taiwan, creating inclusive screening spaces for SEA audiences.

What We Offer

Why It Matters

A rare opportunity to experience SEA cinema on the big screen in Taiwan, with a community that understands the stories.

We collaborate with production companies and distributors to bring titles to committed and growing audiences.

Vision

We believe a single screening can be a cinematic experience, a social gathering, and a journey back home.

DLB Entertainment aims to grow into a sustainable, culturally significant platform for SEA cinema in Taiwan, offering an opportunity for SEA migrant workers, immigrants, and international students to reconnect with culture.
